WHO WE ARE

ENGINEERING AND INDUSTRIAL SERVICES

**OUR GOAL IS
TO PROVIDE
EXCEPTIONAL
QUALITY, TAILORED
SERVICES, AND
CONTINUAL
SUPPORT.**

Established in 1986, REDA Hazard Control has been providing products, systems, and services to a wide variety of industries across the world.

REDA Hazard Control offers a full spectrum of end-to-end solutions for hazard control. Our areas of expertise include fire protection, safety, and security. We are a leading provider of fire protection services and safety systems & equipment. We also offer solutions that will improve and enhance your site security.

Our goal is to provide exceptional quality, tailored services, and continual support. We exist to protect the lives of people and the community in which we live and work. This is why we always strive for excellence in all that we do.

Our services are innovative, comprehensive and represent excellent value with professional, world-class local content. We consider our customers as our partners and we believe in working with you on a personal basis to ensure precision until you are completely satisfied. So when it comes to safety, rest assured that we have all the bases covered.

REDA Hazard Control believes in a team approach for creating a safer facility. We work closely with our clients to formulate and implement high-quality, comprehensive programs that exceed their expectations.

**WE EXIST
TO PROTECT THE LIVES
OF PEOPLE & THE
COMMUNITY
IN WHICH WE LIVE AND
WORK.**

WHAT WE DO

SAFETY, SECURITY AND BEYOND..

WE SPECIALIZE IN THE AREAS OF FIRE PROTECTION, SAFETY, SECURITY, AND PROCESS SOLUTIONS.

We are committed to providing products and services to customers in a safe, responsible manner to ensure the safety of our employees, the environment, our customers, share-holders and the communities in which we operate.

Our dedicated team collaborates with leading manufacturers around the world. We combine their scientific and technological expertise with our wealth of contracting, installation, and service experience.

Whether large or small, REDA Hazard Control has the people, products, financial resources, and the expertise to handle your project from start to finish. We will evaluate a broad range of solutions to find what fits your needs.

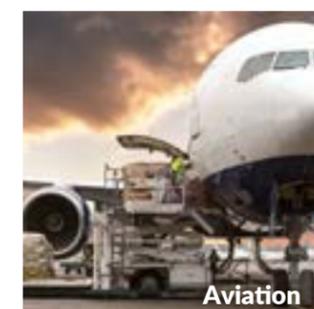

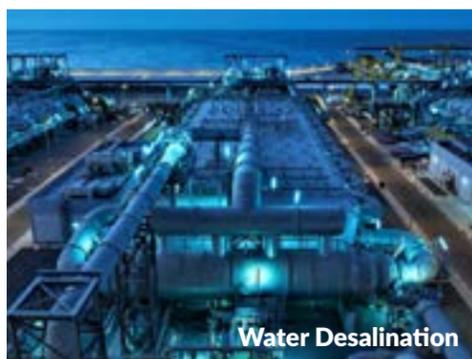

REDA Hazard Control team has developed tactics and solutions that assure the greatest margin of safety are built to meet the demanding challenges found within high-risk industries. We fully comply with EH&S laws and regulations wherever we operate, ensuring regulatory safety standards are met.

The logo is a shield-shaped emblem with a red border and a white background. The top half of the shield is red and contains the text "NFPA® AUTHORIZED" in white. The bottom half is white and contains the text "EDUCATION NETWORK" in black. The background of the entire slide is a dark, smoky fire with orange and yellow flames.

**NFPA®
AUTHORIZED**

**EDUCATION
NETWORK**

OVERVIEW

REDA Hazard Control collaborates with the National Fire Protection Association (NFPA) through the *NFPA Authorized Education Network (AEN)* to deliver comprehensive education and training aligned with internationally recognized fire safety standards. Our programs are designed to equip individuals and organizations with the knowledge, practical skills, and regulatory understanding required to enhance fire safety, improve operational preparedness, and ensure compliance with NFPA guidelines.

SCOPE

NFPA Training program covers a broad spectrum of fire safety topics, including electrical safety, life safety, fire protection systems, chemical and industrial hazards, and additional specialized training. We aim to serve professionals across various industries, such as emergency responders, safety officers, facility managers, and industrial workers.

VISION

To be the leading provider of accredited fire safety education, setting the standard for excellence in training and certification. Our vision is to create a safer world by empowering individuals and organizations with the highest quality fire safety training.

MISSION

Our mission is to deliver comprehensive and up-to-date training based on NFPA standards, ensuring that our participants gain the necessary skills and knowledge to implement fire safety measures effectively. We are committed to continuous improvement, professional development, and supporting our community in achieving the highest standards of fire safety and compliance.

COURSES OFFERED

1

Electrical Safety

2

Life Safety

3

Fire Protection Systems

4

Chemical and Industrial Hazards

5

NFPA Certification Preparation

ELECTRICAL SAFETY

Dive into the world of electrical safety and learn how to protect yourself and your colleagues on the job. Our courses cover the National Electrical Code (NEC) and essential workplace safety practices, helping you stay compliant and minimize risks in your work environment.

- NFPA 70® National Electrical Code (NEC) Essentials (2023 Edition)
- NFPA 70E® Workplace Electrical Safety (2024 Edition)
- Analysis of NEC Changes

LIFE SAFETY

Life safety is a top priority, and our training equips you with the knowledge to create safer environments for everyone. Whether you're working in a commercial building or a healthcare facility, you'll learn the critical codes and standards that help protect lives and ensure safe operations.

- NFPA 1 Fire Code (2021 Edition)
- NFPA 101® Life Safety Code (Essentials) (2024 Edition)
- NFPA 101® Life Safety Code (Health Care Essentials) (2024 Edition)
- NFPA 99 Health Care Facilities Code (2024 Edition)

FIRE PROTECTION SYSTEMS

Understanding fire protection systems is key to ensuring safety in any building. Our courses will guide you through the installation, inspection, and maintenance of these vital systems, so you can be confident they'll work when it matters most.

- NFPA 13 Installation of Sprinkler Systems (2025 Edition)
- NFPA 20 Installation of Fire Pumps for Fire Protection (2025 Edition)
- NFPA 25 Inspection, Testing, and Maintenance of Water-Based Fire Systems (2023 Edition)
- NFPA 72® National Fire Alarm and Signaling Code (2025 Edition)

CHEMICAL AND INDUSTRIAL HAZARDS

If you work with hazardous materials, this training is for you. We'll help you understand the risks associated with flammable and combustible liquids, LP-gas, and other industrial hazards, so you can manage them safely and effectively.

- NFPA 30 Flammable and Combustible Liquids Code (2024 Edition)
- NFPA 58 LP-Gas Code (2024 Edition)
- NFPA 400 Hazardous Materials Code (2022 Edition)

NFPA CERTIFICATION PREPARATION

Ready to take your career to the next level? Our certification preparation courses are designed to help you succeed in your NFPA exams. With focused training and expert guidance, you'll gain the confidence and knowledge you need to excel in fire protection and inspection roles.

- Certified Fire Protection Specialist (CFPS) Primer
- Certified Fire Inspector I (CFI-I)
- Certified Fire Inspector II (CFI-II)
- Certified Fire Plan Examiner (CFPE)

WHY CHOOSE NFPA TRAINING?

Safety professionals need essential skills to effectively use NFPA codes and standards when designing, installing, and maintaining building systems. As part of the NFPA Authorized Education Network (AEN), Reda Hazard Control offers you more opportunities to access NFPA training that can enhance safety and help you work more efficiently, productively, and successfully.

WHEN CHOOSE RHC, YOU CAN EXPECT TO

- Participate in authentic NFPA courses created and taught by expert instructors approved by NFPA.
- Find classes conveniently located near you, thanks to our global network of providers.
- Enjoy a variety of course options that fit your schedule, availability, and budget.
- Receive an official NFPA Training Certificate of Completion to showcase your achievement.

We're here to support your growth and help you excel in your career.

WHY CHOOSE REDA HAZARD CONTROL?

- **NFPA Authorized:** We're proud to be part of the NFPA Authorized Education Network, which means our training meets the highest standards for quality and compliance. You can trust that you're getting top-notch education.
- **Expert Instructors:** Our courses are led by seasoned professionals who have a wealth of experience and knowledge about NFPA standards. They're here to share their insights and help you understand the material in a practical way.
- **Tailored Training Solutions:** We understand that every partner / client has unique needs. That's why we offer flexible, professional training solutions designed to meet your specific requirements, ensuring you gain the skills and knowledge you need in the most effective way possible.
- **Certification:** Upon successfully completing training, you'll receive an official NFPA certification, a credential showcasing your expertise and commitment to safety.
- **Continuous Support:** Our commitment to your success doesn't end with the training. We offer ongoing support and resources to help you maintain compliance and continually improve your safety practices.
