

# NFPA 13, INSTALLATION OF SPRINKLER SYSTEMS (2025 EDITION)

Master NFPA 13, Installation of Sprinkler Systems (2025 Edition)

LEAD IN SPRINKLER SAFETY WITH REDA HAZARD CONTROL

## INTRODUCTION

Ready to master sprinkler system safety? NFPA 13, Installation of Sprinkler Systems (2025 Edition) sets the standard for designing and installing fire sprinklers, supporting HCIS license renewal goals. REDA Hazard Control offers expert-led, in-person training to conquer this critical code. Start enhancing your sprinkler expertise today!

## WHY NFPA 13 (2025 EDITION)?

- **Industry Benchmark:** Updated for 2025, NFPA 13 ensures effective sprinkler system design and installation, recognized by HCIS and global safety standards.
- **Career Boost:** Elevates your skills for roles in fire protection design, installation, and inspection, meeting modern safety and licensing demands.
- **Key Skills:** Learn NFPA 13 (2025) requirements for sprinkler types, hydraulics, and occupancy-specific installations, ensuring fire suppression excellence.

## WHAT RHC OFFERS

- **In-Depth Training:** Covers 2025 NFPA 13 essentials—wet, dry, preaction, and deluge systems, plus hydraulic calculations—via hands-on, in-person sessions.
- **Expert-Led Sessions:** Live instruction by REDA's certified professionals, featuring real-world sprinkler scenarios and practical applications, not online.
- **Practice Tools:** Includes NFPA 13 (2025) code excerpts, design exercises, and installation checklists for immediate project use.
- **Support:** Direct access to instructors for Q&A and guidance, ensuring you master sprinkler standards with confidence.

## STEPS TO SUCCESS

1. **Eligibility:** Open to engineers, installers, and safety professionals—no prerequisites, just a drive to excel in fire protection.
2. **Enroll:** Register for REDA Hazard Control's in-person course, offered at our training centers with flexible scheduling.
3. **Learn:** Master NFPA 13 (2025) through REDA's expert-led training, focusing on sprinkler installation and safety.
4. **Apply:** Implement NFPA 13 knowledge to design and install effective sprinkler systems, enhancing safety and supporting HCIS compliance.

## TAKE ACTION

- **Call us:** Our sales team is ready to meet with you to discuss how you can design your course in collaboration with them.
- **Get a Quote:** Contact us for further information or to receive a personalized quote.

## IN SUMMARY

Enhance fire safety with REDA Hazard Control. Enroll today and lead in NFPA 13 mastery!
