

NFPA 101®, LIFE SAFETY CODE® ESSENTIALS FOR HEALTH CARE OCCUPANCIES (2024 EDITION)

Master NFPA 101® for Health Care Occupancies (2024)

SUCCEED IN HEALTH CARE SAFETY WITH REDA HAZARD CONTROL

INTRODUCTION

Ready to enhance safety facilities? NFPA 101®, Life Safety Code® Essentials for Health Care Occupancies (2024 Edition) equips you with the latest standards to protect patients, staff, and visitors. REDA Hazard Control offers expert in-person training to master updates. Start building your health care safety expertise today!

WHY NFPA 101 FOR HEALTH CARE?

- **Specialized Standard:** Updated for 2024, NFPA 101® addresses health care-specific requirements, ensuring life safety in hospitals, clinics, and nursing homes.
- **Career Boost:** Strengthens your skills for roles in health care facility management, safety coordination, and code compliance, meeting stringent regulations.
- **Key Skills:** Learn NFPA 101® (2024) provisions for health care egress, fire protection, and occupancy safety, tailored to vulnerable populations.

WHAT RHC OFFERS

- **In-Depth Training:** Covers 2024 NFPA 101® health care essentials—evacuation plans, fire barriers, and sprinkler systems—via hands-on, in-person sessions.
- **Expert-Led Sessions:** Live instruction by REDA's certified professionals, using health care-specific scenarios and practical applications, not online.
- **Practice Tools:** Includes NFPA 101® (2024) code excerpts, health care egress exercises, and compliance templates for immediate facility use.
- **Support:** Direct access to instructors for Q&A and guidance, ensuring you master health care safety standards with confidence.

STEPS TO SUCCESS

1. **Eligibility:** Open to health care administrators, safety officers, and facility managers—no prerequisites, just a focus on occupant safety.
2. **Enroll:** Register for REDA Hazard Control's in-person course, offered at our training centers with flexible scheduling.
3. **Learn:** Master NFPA 101® (2024) through REDA's expert-led training, emphasizing health care life safety and compliance.
4. **Apply:** Implement NFPA 101® knowledge to enhance facility safety, protecting patients and meeting regulatory demands.

TAKE ACTION

- **Call us:** Our sales team is ready to meet with you to discuss how you can design your course in collaboration with them.
- **Get a Quote:** Contact us for further information or to receive a personalized quote.
